

Isotopically Labeled Custom Synthesis

Custom Synthesis

- IsoSciences offers extensive custom synthesis solutions
- Experts in isotopically labeled synthesis
- Analytical testing and detailed Certificate of Analysis are provided for every compound

Capabilities

- Stable labeled synthesis: Deuterium, ^{13}C , ^{15}N
- Synthesis of API, metabolite and intermediates
- Design novel routes to incorporate Deuterium, ^{13}C and ^{15}N

Key manufacturer of stable isotopically labeled compounds in the rapidly expanding LC-MS/MS market.
